

Class 17: Conditionals

Held: Tuesday, 19 February 2008

Summary: We begin to explore Scheme's *conditional* control structures, particularly `if` and `cond`.

Related Pages:

- EBoard.
- Lab: Conditionals.
- Reading: Conditionals.

Notes:

- My children's school has a 10 a.m. start today, so I will not be in class. Try to do your work with Max's help.
- Questions on the homework will have to come via email. Sorry.
- I've added a number of pages to the course reference site, available through the Reference:Primary link at the top of every page.
- Read for Wednesday: List Iteration.
- Extra credit for this Thursday's Thursday Extra: Ian Athanasakis about his internship at Google.

Overview:

- Choosing between two options with `if`.
- Making multiple choices with `cond`.
