

Class 25: Preliminary Discussion of Mid-Semester Examination

Held: Monday, April 2, 2007

Summary: Today we consider key issues from the mid-semester examination.

Related Pages:

- EBoard.

Notes:

- Three readings for Wednesday: (a) A Quick (and Hopefully Painless) Ride Through Ruby (with Cartoon Foxes), available at <http://poignantguide.net/ruby/chapter-3.html>; (b) Chapter 1 of *A Little Ruby, A Lot of Objects*, available at <http://www.visibleworkings.com/little-ruby/>; (c) Chapter 2 of *A Little Ruby, A Lot of Objects*, available at <http://www.visibleworkings.com/little-ruby/>.
- Since there were significant problems on the exam, we should decide what to do about those problems.

Overview:

- General Issues.
- Problem 1.
- Problem 2.
- Problem 3.
- Problem 4.

General Issues

- You folks had a lot of problems with the exam, so we'll spend as much time as necessary going over the exam.
- Since I've had problems with people finding answer keys online, I'll do most of my work without providing a permanent record.
 - You may request any solution via email.
