

Class 22: Topic 17: Tests of Significance: Proportions (Continued)

Held: Wednesday, 12 March 2008

Summary: We continue to consider how to express hypotheses about population parameters and how samples can help us assess such hypotheses.

- Preparation: Review your work from the previous class.
- Handouts: Applet: Test of Significance Calculator and R Notes for Topic 17.

Overview:

- Why this issue is so important.
- From English to Math and back again.
- Continue work from the previous class.
- Begin Topic 18 (if time permits).
