

# SIGCSE Bulletin Newsletter

## Archive

The SIGCSE *Bulletin* was re-established as a traditional newsletter in 2010. Issues are expected to appear in March, June, September, and December of each year.

### Distribution of *Bulletin* Newsletter Issues

In releasing an issue of the SIGCSE *Bulletin* Newsletter, one copy is sent to ACM for inclusion in the ACM Digital Library, and another copy is posted temporarily on the Web on a non-ACM site.

- Long-term access to each issue is through the ACM Digital Library, and the Digital Library provides the archival copy of the SIGCSE *Bulletin* Newsletter.
- Short-term access to the current issue is provided through a non-ACM Web site, so that members can view the material immediately — before it can be included Digital Library.

After an issue is posted in the ACM Digital Library, where it can be viewed as part of SIGCSE membership, the issue is withdrawn from the non-ACM site.

### Archive Access

To view the full collection of materials from the SIGCSE *Bulletin* Newsletter, please refer to [the SIGCSE \*Bulletin\* archive](#) in the ACM Digital Library.

- Many news announcements may be found in the Front Matter for each issue, available through the tab on Source Materials.
- A few articles appear separately, as indexed in the Table of Contents for the issue.
